**Step 4:** Secure your date with deposit + signed catering agreement

Notes:

- We can send you some general info before you book your date at a venue. However, the quote will not be accurate until we know the location of the venue. We also need to verify our availability for your date as we only cater 1 wedding per day. Date calendar is here → <https://calendly.com/citymoose/availability>
- 95% of our clients book City Moose after they chat with Stacy and receive their custom quote. It's truly an informative conversation and you will hear just how knowledgeable we are about wedding catering.
- If you plan to use a platform like Wedding Wire or The Knot to contact us: we need your personal email as we are unable to send detailed info from our catering software through those platforms. Please fill out contact form here → <https://www.citymoosenh.com/contact>
