

Food Tasting is an important part of your Wedding planning process. It is our goal to ensure that your menu is beautifully displayed and filled with flavor and freshness.

Additionally, we take the time to assure all the details are covered and your questions – all things catering and wedding – are answered. This is your 1:1 time with both Chef Jason and Stacy and the tasting/meeting may last 1 hour to 1.5 hours.

When?

Tastings are held on Sundays or Wednesdays at lunchtime in January – March (we will contact you after Christmas to schedule your tasting date). *We do not guarantee that you will have a tasting as they are subject to our availability. This is especially true if you book 1 year or less in advance of your event date or if you are hoping for a tasting before securing your date.*

Where?

Tastings are hosted at 290 Derry Road in Hudson

Detailed directions + parking info can be found at www.citymoosenh.com/contact

Who?

All tastings are private and by reservation only. It will not be a large group tasting – not our style.

How many?

A complimentary tasting is offered for 4 guests upon booking. We allow a maximum of 4 people total to attend your private tasting at a time.

How?

If you'd like to attend a tasting before you secure your date with a deposit (we do not recommend this - you risk your date getting booked in the meantime), the fee is \$50 + tax per person. We allow a maximum of 4 people total to attend your private tasting at a time. *We do not guarantee that you will have a tasting with City Moose before you book as they are subject to our availability. We cannot guarantee to find time for a tasting, especially on weekends or during the busiest months of our year (May/June-November).*

What?

You will experience your main entrée, but Chef may include other popular/seasonal dishes that he would like you to try/consider for a variety of reasons. We do not offer tastings of appetizers. While you may not be tasting your finalized wedding menu, you will absolutely leave feeling confident that Chef Jason knows his craft. Please come to your tasting hungry – at City Moose we provide hearty portions.

We look forward to working with you to help you create the perfect menu for your event!
